

Overview of self-service loading of bicycles, bike rental and bikesharing locations

Version: 02.2018
 For reasons of space, not all lines, bike rental and bikesharing locations are shown.
 Subject to change.

Area of validity of national tickets for self-service loading of bicycles

Railways Buses Cableways Boats

Reservation is compulsory on the Zernz-Punt à la Croix-Mats (1) and Mostar-Trano (2) routes.

Rest of network: You will not always be permitted to take your bike with you, or an extra fee may be payable. Please check with the relevant transport company before travelling.

Railways Buses

Bike rental and bikesharing locations

- Bike rental facility at or near station (sbb.ch/en/rentalbike)
- Station for returning rented bikes only
- Station with bikesharing service (sbb.ch/en/bikesharing)

1:1.15 m
 0 10 20 30 km

Additional information on the area of validity of national tickets for self-service loading of bicycles.

- PostBus Switzerland Ltd.: valid within the entire network. There are restrictions, however. For details, please go to postbus.ch.
- Zürich Transport Network (ZTV): Zürich city transport services, Winterthur town bus services (except at rush hour), regional bus lines (including postbuses) but excluding local bus services, other railways (Polybahn, Dolderbahn and Sittli) Zürich Uetliberg Bahn, except for Waldegg-Uetliberg and boats (Lake Zürich boat network, Horgen-Malven ferry, Grottensee boats).
- Other town bus services: whole network.
- Chur town bus services: whole network and longer-distance services.
- RBS/BSU: whole bus network.
- Trennli: Nauchatal city network and all other lines. Le Locle and La Chaux-de-Fonds city networks.
- Bus Ostschweiz: Buchs and Wil (St.Gallen) city networks.
- Rest of network: Please check with the relevant transport company before travelling.

Tips for taking your bike on board trains or buses.

- Reservation is obligatory from 21 March to 31 October on InterCity (IC) trains that are marked with the blue reservation symbol (B) on the timetable, e.g. via the southern foot of the Jura (IC5/51) or through the Gotthard Base Tunnel (IC2/21). It is simple to make bookings on your smartphone using the SBB Mobile app when travelling.
- On Zürich S-Bahn trains you can only take your bike with you Monday to Friday. On Saturdays and Sundays there are no restrictions.

- For space and safety reasons, you are not permitted to transport tandems, recumbent bicycles, tricycles and other bicycles longer than two metres in IR, IC and EC trains operated by SBB.
- Depending on the number of passengers travelling, capacity for passengers taking their own bikes with them may be in short supply or no longer available.
- In case of capacity bottlenecks, please take a later train or one of the additional trains laid on during peak periods, or travel by an alternative route.
- In the interests of safety, please follow the train crew's instructions at all times.

Further information on the self-service loading of bicycles: sbb.ch/bike transport

Jungfrau Railways line to the Schynige Platte

2 foot 7 ½ inch gauge line
ascends to the alpine garden
summit station at 6453 feet—
opened 1893

Brienzen Rothorn Railway

- Steam-powered 2 foot 7 ½ inch gauge cog railway, ascending to the summit of the “Red Horn of Lake Brienzen” at 7362 feet—opened in 1892 (closed 1914-1932)

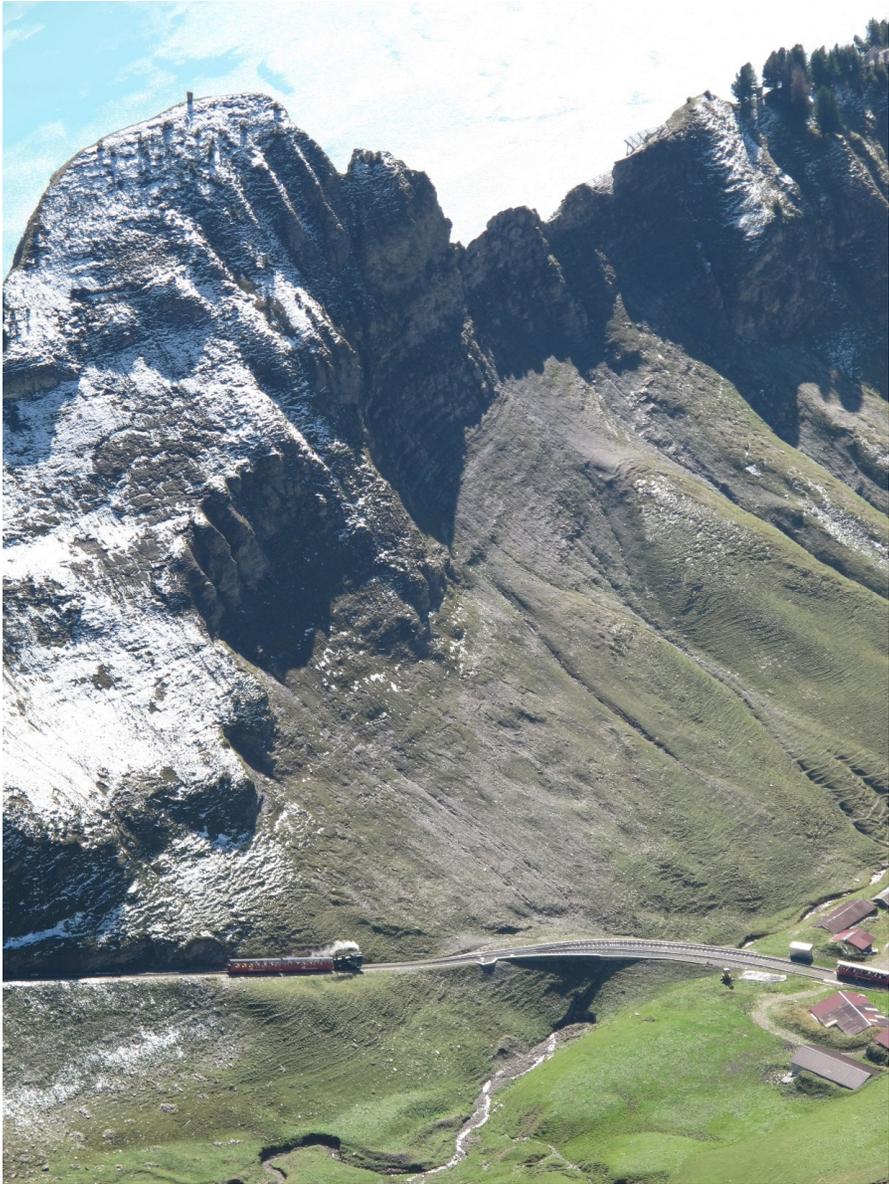

Mount Pilatus
Cog Railway:
World's
Steepest

Swiss Trams

Swiss Rail Passes include all trams, buses, lake steamers and even 400 museums and parks throughout the country in addition to almost all trains

Centovalli Tram

32.7 mile meter gauge tramway from
Locarno, Switzerland to Domodossola, Italy
thru the Hundred Valleys

Swiss Lake steamer scenes

True paddle-steamers operate
on Lake Zurich, Geneva, Lucerne,
Thun and Brienz

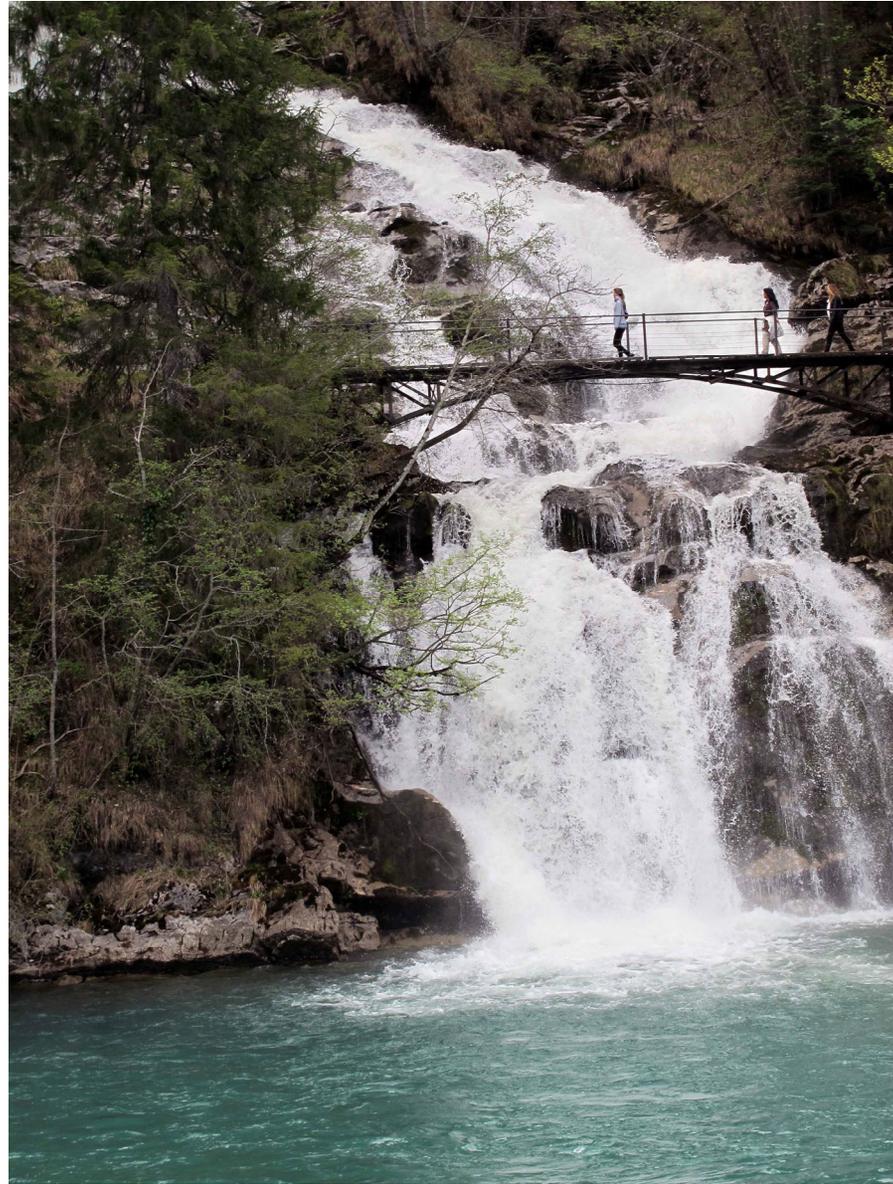

Rhaetian Railway—the great
meter gauge mainline

- This is the route of the “Bernina” and “Glacier Express” services, featuring five spiral tunnels and the 7638 foot summit of the Bernina Pass. This is Europe’s highest crossing of the Alps not in a tunnel.
